

5 December 2011

Dear Strathclyder

Financial Times European Business Schools' ranking 2011

In today's Financial Times (FT), you will find a ranking of the top European Business Schools based on a school's overall results in other FT rankings throughout the year.

Attached is this year's compilation, with SBS being ranked 1st in Scotland, 8th in UK and overall 25th in Europe.

While this is a positive result, with a wide range of good business schools below us, our aim is to be at least top 20 or above in this particular compilation.

With your support and advice throughout your studies at Strathclyde Business School, and with your continued support on graduation, I'm sure we will be able to achieve future successes in such rankings.

Best regards

Professor Colin Eden
Vice Dean (International)
